

Amendment to WN Outreach and Volunteer Agreement

Acceptance Agent Events

Acceptance Agent training and site visits are not considered outreach for the CS department.

AA Training

Over the past 2 years, management has asked for volunteers to do AA training. The CSMs first ensure that the specialists attend a Train the Trainer session by the CSM office, and then observe an AA training and then finally presenting at an AA training.

Management will solicit qualified volunteers and then maintain a reference list to pull from for training.

AA Site Visits

Since these events mostly require visits outside of the metro area, management will solicit qualified volunteers and follow WN selection process.

Amended and Effective Date

The date that this agreement shall be implemented will be 6/20/2013.
